Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Milan qualified to vote in district affairs :

You are hereby notified to meet at the Odd Fellows' Hall in said district on the 11th day of March, 1957 at 8:00 p.m. in the evening to act upon the following subjects :

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a school board member for the ensuing two years.
4. To choose a school board member for the ensuing three years.
5. To choose a treasurer for the ensuing year.
6. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agents of the district.
7. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.
8. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by the town.

10. To see if the district will vote to have a part-time music teacher in conjunction with the several other districts in Union No. 20, and raise and appropriate the sum of \$507.40 as its share of the salary of said music teacher.
11. To hear report of special school study committee appointed by the School Board, as directed by the District meeting in March 1956, and take any legal vote pertaining to recommendations made in the report.
12. To see if the district will vote to appoint a committee to study the possibilities of forming a Cooperative School District consisting of Dummer and Milan, and report back at a later meeting.
13. To transact any other business that may legally come before this meeting.

Given under our hands at said Milan this 15th day of February, 1957.

Requested Appropriation, March, 1957.....			\$ 46,162.27

*The starred items are required by law to be raised as determined by proper authorities. The district determines the salaries of the district officers. The Supervisory Union Board decides the local share of the superintendent's salary and other Union expenses. The share paid by several districts toward the superintendent's salary for 1955-56 is as follows: Dummer, \$130.00; Gorham, \$2,720.00; Jefferson, \$390.00; Milan, \$460.00; Randolph, \$130.00; Shelburne, \$170.00. The state treasurer reports the amount of the per capita tax, while the Teachers' Retirement Board assesses the amount for teachers' retirement and the State Employees' Retirement Association assesses the amount for the Superintendent's retirement. In those towns that are under the Social Security System, the amount to be paid by the district is determined by the Federal government.

Estimated Income:

National School Lunch Program, \$700.00. (This is an offset item.) The amount of the 1957 State Aid is not known at this time, but is deducted from the assessment as well as any balance that might exist on June 30, 1957.

Report of School Study Committee

The Committee submits the following report as a result of several meetings in 1956:

1. The schools at present are not severely crowded. We have five rooms and an enrollment range of 120 to 140 pupils during the next five years:

Year	Milan Village			West Milan		Total
	1-2	3-4-5	6-7-8	1-2-3-4	5-6-7-8	
1956-57	23	30	16	27	24	120
1957-58	23	32	19	22	25	121
1958-59	19	35	26	24	25	129
1959-60	27	33	30	17	30	137
1960-61	29	33	34	17	27	140

2. The Milan children compare favorably in I. Q. and Achievement Tests with other schools of Northern New Hampshire.
3. The West Milan School is in need of several major improvements:
 - a. Better toilet facilities.
 - b. Better lighting and window placement.
 - c. Lowered ceilings.
4. Several possible solutions are presented:
 - a. If the West Milan enrollment should decline, the dividing line could be moved nearer Milan Village.
 - b. If Milan should grow more rapidly through building of houses, a room could be added to the Milan Village School.
 1. Estimated cost of one room:
 - \$10,000—Construction
 - \$ 1,000—Furnishings
 - \$ 5,000—additional yearly expense for teacher, heat, summer repairs, janitor service.

2. State Aid for building new room 20% returned to district.
- c. Our present school system can be improved in several small ways sic: Music supervisor—part time in conjunction with other school of the Union; Recreation equipment; Library facilities.
- d. The cost of a new consolidated school consisting of six classrooms, kitchen, storage space, nurse's and teachers' room, and activity room is estimated at \$150,000. This amount is beyond what the town is allowed to raise by law.
- f. The following idea has been looked into and discussed: Milan and Dummer could form a Cooperative District. Rooms could be added to our present Milan Village School creating a six classroom school with activity room, storage, kitchen, nurse's and teachers' room, and additional toilet facilities. This would eliminate one teacher from a total of seven from the two towns. The combined enrollment range is 155 to 170 for the next five years.

Report of Superintendent

To the School Board and Citizens of the Milan School District:

FOREWORD

Two significant programs were conducted during this past year which should have a decided effect on the education of our young people. The first was an extensive testing program, which the nine North Country Supervisory Unions conducted in cooperation with the State Department of Education. All pupils of Union 20 in Grades one through eight were given an intelligence test and an achievement test. After the tests had been administered and corrected, the results were sent to the State Department of Education where they were analyzed and tabulated. Three standards or norms were set up; one for the North Country, one for each Union, and one for each school district.

The results were returned to each Superintendent so that he could see how his Union as a whole and how each district, school and grade, compared to the total results. I would like to say that Union 20 scored very well in the program and was above the North Country norms and National norms in a majority of subjects and grades. Of course, some districts in the Union did better than others, but the important thing is to make constructive use of the results.

From the results, we can determine what subjects seem to be causing us the most difficulty, what grades seem to be the weakest and how individuals compare with others of their age, grade and ability. Teachers attended a workshop last fall where the results were explained and how the individual teacher can best use them. I definitely feel that by knowing how we stand compared to others, and compared to the ability each pupil has to start with, the teachers will be able to help each pupil improve in subject matter, and social growth.

A second program which will aid our schools and pupils was a Guidance Workshop held last October for all teachers of Union 20. Outstanding speakers in this field spoke to and discussed with

our teachers some of the principles that underlie a good guidance program. A committee was formed to set up a cumulative record system so that teachers will have a better knowledge of each child from the kindergarten through the twelfth grade. By knowing each student better, the teacher will be able to give him better instruction and will be able to counsel him better in his immediate problems. By having a guidance program in our schools, counselors can do better in helping students choose their high school subjects so that they are qualified to go on to college or to go into a vocation, whichever might be their choice.

TEACHERS

The only change in the teaching staff this year was Mrs. Virginia Flint, who resigned from the School Board to take the place of Mrs. Avis Croteau in Grade 6-8 in the Village School. Mrs. Flint, a graduate of Keene Teachers College, with a B. Ed. degree, had several years of teaching experience prior to World War II.

ENROLLMENT AND ATTENDANCE

Attention is directed to a written report from the School Study Committee regarding projected enrollment for the Milan Schools and also to chart on attendance following this report. The percentage of attendance again showed a slight improvement and there was a decided decrease in the number of cases of tardiness during the past year.

BUILDINGS AND EQUIPMENT

The major items of repairs carried out during the past year included the resurfacing of the West Milan School roof, the painting of the ceilings in the Village School, the replacement of the hot water tank in the West Milan School, and the installation of a hot water circulating line in the dining room of the Village School. No major repairs are planned for the present until some indication is forthcoming from the District regarding the wishes toward a reorganization of the schools or construction of new facilities. The article in the warrant relative to the report of the School Study Committee calls for any legal vote that might be made regarding their recommendations. It is hoped that some indication of the true interest of the voters will be forthcoming from this article.

The equipment in both schools is quite good. New duplication machines were added in both buildings, new record players were purchased for both schools, new sets of encyclopedias were added to the reference books, as well as new maps in both buildings.

NOTES ON THE BUDGET

The total budget for the year 1957-58 is \$46,162.27 as compared to \$43,149.79. This increase in the budget is accounted for by a raise in the tuition costs, salary increases to the teachers, as well as increases in the costs of supplies for operating the schools. The tuition, which now represents about one-fourth of the total budget is a figure that we have no control over. The cost of operating the high school in Berlin is increasing, which reflects a greater per-pupil cost and this is passed on to the sending districts. We also have a few more tuition pupils in Berlin this year than a year ago.

The School Board has put money in the budget to increase the teachers' salaries by \$200, which still will be below the minimum figure as recommended by the State Department of Education. Milan is fortunate in having the fine teachers that it has, and it is hoped that we can reach a salary in the near future that is in keeping with other towns in the state.

Milan's share of State Aid was reduced last year by two factors. The Average Daily Membership showed a decrease and according to the present formula, other towns were more needy than Milan; thus Milan's share was reduced. It is strongly recommended that you urge your representative to the General Court to support the program of state aid as proposed by the State Department of Education. If this program is adopted, Milan will receive a substantial increase from this source of revenue.

WARRANT

One special article in the warrant has been discussed under the area of enrollment. A second article that the district will act upon is in regard to a music teacher. This is an area where our schools need strengthening and by having several towns in the Union contribute jointly to the salary of a teacher, this service can be added. The expense to the district will be \$507.40 and this teacher will spend more than three hours a week in the Milan Schools. It is strongly recommended that approval be given to this article.

A third article that calls for special action is relative to the study of a cooperative school district with Dummer. This type of organization has several advantages, educationally, to the students of both districts and the project is worth studying.

SCHOOL CALENDAR

The following is the school calendar for 1957-58 that has been adopted by the school board:

CONCLUSION

AGAIN, I would like to express my appreciation to the School Board, the parents, teachers, students and friends for their co-operation and help. My associations with the people of Milan have been most pleasant and these experiences give encouragement for providing the type of education our young people need and are entitled to.

Respectfully submitted,

GORDON R. TATE,
Superintendent of Schools
